

## FENWICK

Dear Members of the Bishop Fenwick Community,

It is with great pleasure that we invite you to examine the Bishop Fenwick High School Strategic Plan 2019-2023. The mission, vision, and core values of our institution serve as a guide in the development of this plan. It not only represents careful examination and assessment by the members of the Strategic Planning Committee, but also portrays the goals and desired direction of the school in the years to come.

We seek to provide a rigorous, value-centered education for students where they can strive for and achieve excellence intellectually, spiritually, and creatively. Meeting this goal requires a clear vision, and a clear plan to achieve that vision. This Strategic Plan identifies the key priorities and objectives required for success.

Realizing our vision will require the efforts of the entire Bishop Fenwick community. Operational plans will be developed for each strategic area, including specific objectives and initiatives. Progress will be reviewed and measured on an ongoing basis with staff and the Board of Trustees. Challenges and successes will be shared with all members of our community.

The future offers challenges for Catholic education, to be sure. However, this is an exciting and energizing time for Fenwick. In the fall, we welcomed to campus our highest enrollment in recent years (589 students from 5 countries and 47 different communities). In addition, we are in the middle of a two-phase renovation project to our academic building and campus so that we may continue to offer our students the opportunities they need to achieve their personal best.

We look forward to a continuing partnership with all members of our community and thank you for your ongoing commitment to Bishop Fenwick. Together, we will ensure that the values and beliefs that are hallmarks of a Catholic education are sustained.

Warm regards,

A handwritten signature in blue ink that reads 'Dan D'.

Daniel L. Dunn, '74 Ph.D.
