

BISHOP FENWICK

Request for Fully Virtual/Remote Learning Updated August 15, 2020

Student Last Name

Student First Name

Year of Graduation

As noted in our Fenwick BEST Return-to-School Plan, we will begin classes on Tuesday, September 8, with a four-week “Ramp-Up” schedule consisting of alternate day on-campus and online learning. We hope to be fully in-person, with everyone back at Fenwick, on Monday, October 5.

During the COVID-19 pandemic, we recognize that for a variety of health, safety, personal, and family reasons, students may seek an entirely online educational experience. We understand these requests and we support our students and parents/caregivers in seeking the most appropriate education model during this challenging time.

By requesting a fully online experience with all remote/virtual classes, the student and family agree to the following:

- Participation in all courses, instruction, and support will be online exclusively through Friday, October 16, which is roughly the midpoint of the first trimester
- Students are fully responsible for following the guidelines and expectations for remote/virtual learning, which will be outlined in our “Online Etiquette” addendum to the Student Handbook
- Students must stay current with all classes, assignments, readings, and assessments, recognizing that this accommodation may require alternate formats for some work
- This request for virtual/remote learning may be extended through completion of the first trimester, which ends on Tuesday, November 24, by an email communication to our Principal, Ms. Marquez
- On a case-by-case basis, in consultation with the student, family, school administration, and appropriate medical experts, the student may participate in-person in after-school activities, clubs, and sports on campus

In the space provided (attach a separate document if necessary), please describe the reason(s) for requesting Virtual/Remote Learning. **Please return this form to the Principal’s Office no later than Friday, August 28.**
